Barb picked up The Workbasket's free chart, **Pink Flower** from Needle Delights in Pensacola, FL, during our trip to the beach. She added the border and words to commemorate our vacation. We are not able to give out the pattern for the flower. It is a design by The Workbasket and copyrighted by them. A portion of the flower outline is given so you can align their pattern with ours.

Visit their web-site ([www.theworkbasket.net](http://www.theworkbasket.net)) to see more of their great designs.

Check with your local cross stitch shop and see if they also have **Pink Flower** by the Workbasket.

## Instructions

- Cross-stitch with 3 strands of floss over 2 linen threads.
- Match the flower guide stitches with the chart from the Work Basket's **Pink Flower** free chart.
